Summary: what if Temsick hit a night fury? what if her rider then died? bad summery, may change

Ghost Trick: Phantom Riders of Burk

Ghost Trick: Phantom Riders of Burk

G.M.N.: hello! This is my first fic so I decided to combine something well known, with somethingâ€¦ well, not well known, also this fic will be centering around OCs that I created, sorry toothless lovers! P.S. G.M.N. is my own way of saying author's notes

CH: 1

Temsick Dragons

200 years ago a meteor fell on the island of Burk, during its landing a peace of it broke off and hit a dragon, a night fury to be exact; the name of the meteor was Temsick and the name of the night fury was Black Death. (I like the bubonic plague, don't judge me)

And now I'm tied into this as well, after all, I _am_ this dragon's rider, my name is Midnight, and my problems begin after a chase scene, and a particularly bad landingâ€¦

G.M.N. well, here it is, now I don't want to follow the storyline of ghost trick **OR** HTTYD except for the first scene, so I need some ideas! Try to find a good mix between the two, also two bits of info, first, G.M.N. stands for Game Master's Notes and second, midnight is my main OC so you'll see him in a lot of my stories, see you all next time!
